Comments	<p>I strongly object to the application for a waste recycling plant to be established in the Loxwood woods. This is a very tranquil area of natural beauty , which would be totally ruined by the ddevelopment. In addition, there is no bus service along this road, so it is necessary to drive to access village facilities. As a elderly woman, who has lived in the Loxwood Road for 61 years, I would find the increased traffic a very great hazard. In addition to this, the road is narrow and pedestrians would find the increasing mud etc. Very difficult to cope with.</p> <p>I have enjoyed walking in these woods with my dog for many years and appreciated the footpath and easy parking. All this would be taken away from us and a much loved and well used area be lost., virtually forever, as far as I'm concerned.</p>
