Comments	<input type="text" value="I strongly object to this unnecessary planning application in this delightful rural area. The main reasons why I consider it totally unacceptable - 1) There is no shortage of clay with a 25 yr supply in line with national policy. 2) It is a special greenfield site appreciated by residents and visitors who benefit from the rights of way in this tranquil; area, thus boosting mental health. 3) HGV traffic on Loxwood Road would be extremely dangerous to cyclists, walkers and cars. The short length of pavement and poor/non-existent lighting add to the hazard. Heaviest HGVs are above the threshold of annoyance - totally unreasonable for residents. In conclusion it is the duty of the current community to protect this very special area of ancient woodland etc for future generations to enjoy."/>
