## Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Andrew Reed
Address	ROUGH MEADOW, PULBOROUGH, RH20 1JR
Type of Comment	Objection
Comments	There is no significant demand for clay in the area so why have another clay pit? There is no need for a waste site to be developed in West Sussex. Why should such a proposed site be in a wood? What is going to happen with the extra traffic generated to service such a site? There is no logical enhancement of the local area and there is no demonstrable benefit to the local community There will be significant noise poltroon for the local environment that will impact on the ecosystem There will be significant negative impact on numerous species including 4 threatened species

There will be significant increase in dust and odour in the area as well as a significant increase on diesel pollution. The trees will have to be clear felled. Traffic will be dramatically increased and there will be an irreversible negative impact on the landscape, and character of what is a beautiful and
