

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Lloyd Filby"/>
Address	<input type="text" value="BURNALLS COTTAGE, BUCKS GREEN, BUCKS GREEN, HORSHAM, RH12 3JF"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I object to this application on the following grounds:</p> <p>Impact on natural environment - there is no national requirement for additional brick making clay, and the waste site proposal is not in accordance with national guidelines in respect of recycling rate.</p> <p>Layout / appearance/design - this is a greenfield site and as such is not in accordance with national guidelines for selection as a waste disposal site. To build a huge building in the middle of woodland is an outrageous proposal.</p> <p>Noise / disturbance - this proposal is going to lead to an excess of vehicle traffic for the next generation. Not what we should be committing our children and grandchildren to have to live with. The effects on the wellbeing of our nation to be unable to access a beautiful area for leisure and peace and solitude is totally unacceptable. The pandemic has taught us how important it is for us all to have access to green spaces.</p> <p>Access - the proposed access route to the site across a long stretch of woodland before even entering the site for over 30 years is eventually going to ruin the subsoil and strata of the area.</p> <p>Traffic - the local roads are unsuited to the proposed number of lorry movements per day and are going to require continual maintenance. The verges are going to be ruined and there a number of narrow insubstantial bridges crossing small water courses which will not withstand the traffic proposed.</p>
