Good morning, I would like object to this planning application,

- 1, loss of animal habitat in the woods
- 2, the access road is way too small, I live on this road and it is too small now
- 3, the need for bricks is declining, builders use a better and more friendly to the environment substitute now
- 4, loss of walking area in the woods

These are bullet points but I am concerned about the rape of the woodlands, destroying the wildlife habitat, lorries coming up and down the road that is too small, my home is over 360 years old and sits an average of 10 feet away from the white line, in places it is only 5 feet from the edge of the road so I can only worry about the future and what it holds, I was told that access would only be from Bucks Green end but I am now told they will access the site from anywhere they want. Please don't let this go ahead.
