Comments	<input type="text" value="1) Increased traffic levels will have a severe impact on an already severely restricted road. HGV movements at high speed already mean this road is unsafe to cycle as adults let alone children who are encourage to cycle to school, difficult now , impossible with an additional HGV movements.
2) Dust, pollution from light, noise, the loss of public footpaths which are used A LOT make this site unsuitable.
3) The impact on natural habitat, environment and wildlife species will be significant and disturbing."/>
