Objection

My wife's family live in the area therefore we visit often - at least twice a month. I see no benefit for this clay pit application being granted. The road system is not sufficient to withstand the additional lorry traffic, it will be a danger to pedestrian's and other road users (including myself and my wife and family), the damage to the local environment would be significant and it is ridiculous that a greenfield site would be considered for this purpose over an existing brownfield site. I strongly object to this planning application being granted.
