Objection

I object to this planning application for the following reasons. The extra lorries accessing the A281, which is already a very busy and dangerous road, as witnessed last year when a cyclist was killed by a lorry. The additional noise/disturbance and the fact the lorries are transporting hazardous materials onto what is currently a beautiful woodland, will have a detrimental effect on widlife and frankly I don't have 30 years to wait for the site to regenerate! This development will bring with it pollution from the lorries/site and be detrimental to the people of Loxwood and those in the surrounding areas.
