

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Julia Crabb"/>
Address	<input type="text" value="OAKFIELD, PLAISTOW ROAD, PLAISTOW ROAD, BILLINGSHURST, RH14 0TU"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I am objecting to this application and am stunned it's reached application stage. This woodland is teeming with wildlife and it's an ancient woodland that needs to be protected.</p> <p>The traffic generation of heavy plant is not only a noise disturbance to the local area and villages but it will also ruin the roads. I am also concerned this is a cover up for using hazardous waste and materials which will cause further pollution.</p> <p>This should be a protected conservation area these woodlands have public footpaths running all through them enjoyed by many which has an important amenity value to many we should be protecting our ancient woodland as per paragraph 175 of National Planning Policy Framework and reference Natural England's Standing Advice on Ancient Woodland.</p>
