

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Claire Thornton"/>
Address	<input type="text" value="THE HOLLIES, CHURCH STREET, CHURCH STREET, HORSHAM, RH12 3ET"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I object to this planning application for several reasons, some of which are listed below:</p> <ol style="list-style-type: none"><li>1. It goes against the Government and Central Planning guidelines for such enterprises to be in 'brown' and not 'green' sites. By no stretch of the imagination does this application do so.</li><li>2. Both incoming raw waste material and the outgoing processed waste will result in a huge increase in HGVs on mostly unsuitable roads. There is already sufficient capacity for Construction and Demolition waste in West Sussex, in established, more suitable locations.</li><li>3. The additional traffic not only detrimentally impacts the natural environment but also has health implications as a result of noise and diesel fumes.</li><li>4. The safety of other road users and pedestrians would be further jeopardised by a large number of additional HGVs travelling on narrow country lanes, not designed for such volumes of HGVs.</li><li>5. The proposed development has no place in such a rural area and I totally object to it.</li></ol>
