Type of Comment	Objection
Comments	<p>Please don't let this happen. I strongly wish to object to this application.</p> <p>We have lived in the area for over 50 years and have walked in those woods regularly since 1967.</p> <p>It sickens me to think of the destruction to the environment, loss of habitat and reduction in the calm and tranquility of the area.</p> <p>The inevitable increase in traffic, mainly HGV vehicles, will have a huge negative impact on the local area too. The roads in the surrounding area are narrow and will not support this increase in volume and nature of the traffic.</p> <p>The proposal is also in conflict with the Loxwood Neighbourhood Plan and the Chichester District Local Plan for development in a rural area.</p>
