Objection

I absolutely and vehemently disagree with the plans to dig an unnecessary clay pit in these ancient woods. We are trying to save our woodland not destroy them. I have walked these woods with my family for the past 28 years and over this time have seen many woodland animals including slow worm, field mice which I do have photos of also. owls, foxes and many deer. These animals needs these woods and we need to carrying on seeing these animals in their natural environment, if these plans go ahead the wildlife would be gone forever. The roads in this area could not cope with 40 plus lorries driving down these country lanes for next 33 years, apart from destroying them and making it dangerous to drive along it will also cause accidents and damage to vehicles which is what has happened down Wildwood Lane in Surrey due to a clay pit being filled in for the past six or seven. This clay pit it totally unnecessary and would be an absolute travesty if these plans were to go ahead.
