Comments	<p>I object to this application most strongly because Pallinghurst Woods is a Greenfield Site and national policy states that waste sites should be located on Brownfield sites or near built up areas. This development will destroy the beautiful ancient woods where many people walk and ride every day, not to mention the wildlife and protected species that it will decimate.</p> <p>No thought has gone into the safety risk for road users, including... pedestrians, horse riders, cyclists, school children, walkers to name but a few. With such a significant increase of HGVs proposed on our narrow country lanes, it will surely have a severe impact on all these plus our local villages, listed properties and residents.</p> <p>How can anyone allow this beautiful tranquil West Sussex countryside to be destroyed, it is a totally unsuitable location for this planning application.</p>
