Address	<input type="text" value="JOHN WISKAR DRIVE, 32, JOHN WISKAR DRIVE, CRANLEIGH, GU6 8RA"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I object to the proposed development.</p> <p>I have limited mobility and need to use a wheelchair. I regularly come to visit my son and his family in the immediate local area to the proposed development. It is already very difficult to be able to go along the footpath in my wheelchair as the pavement is not wide enough and there are large sections of the road without a pavement. I would be very worried about going out if there is such an increased level of traffic. It is already dangerous enough.</p> <p>Consideration must be given to pedestrians, bike riders, horse riders and those of us with disabilities on the increased danger the increased traffic would bring.</p> <p>I also enjoy being taken to the woods with my grandchildren to enjoy the natural wildlife. It would be awful if this is taken away from people. Peaceful areas are now being rare and it would be criminal to develop over ancient woodlands.</p>
