## Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Mr R J Wright
Address	LYNWICK HOUSE, COOKS HILL, COOKS HILL, HORSHAM, RH12 3BB
Type of Comment	Objection
Comments	As a local resident, I object most strongly to this application on the following main grounds:
	1. There is no justification for the application in that another supply of clay is not required in the area, and therefor the further development for waste treatment and disposal cannot be permitted.
	2. The development proposed is quite unsuitable for this quiet country site, and the damage to the environment which would result would be severe.
	3. The proposed site is only accessible via quiet country roads, quite could not cope with the volume and nature of the traffic which would result, and which would clearly be unsafe. There are also major concerns as to the siting and impact of the Pephurst Wood parking area and wheel wash, and the internal roadways planned.
	R J Wright.
