Comments	<p>The A281 is already very busy. Add to that the planning that has just been granted for the Dunsfold Aerodrome and now this it will mean a significant increase (c300%) in HGV traffic volumes (just i this application is approved) will present a severe safety risk for existing road users along Loxwood Road and the A281. This has not been fully assessed.</p> <p>This planning application has just been put together to make money and not for the care of the environment and the future.</p> <p>It is for these reasons that this planning should be rejected.</p>
