Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Dr Noozhat Dathi
Address	80 Pine Walk Surrey
Type of Comment	Objection
Comments	I object to this development.
	There is no need for further development of clay when there is already a surplus. I visit family often in the area and we enjoy walks in the woods. The tranquility and peace it brings should not be lost. The government is trying to encourage us to do more for our environment to combat climate change and this proposed development will be on a Greenfield site.
	The increase in traffic on roads not designed for HGVs will lead to more accidents and deterioration of a road which is already impacted and can't cope with the current traffic.
