Comments	I wish to object to the development in Pallinghurst woods for Loxwood Clay Pits Ltd. I have lived in Loxwood since 1955 when it was a lovely peaceful village. With the movement of all the extra heavy vehicles that would he involved, causing excess safety concerns for pedestrians, cyclists and walkers I am passionate that this should NOT go ahead. Also, the noise that will be heard from the peaceful and tranquil woods, that is there at the moment will be detremental to surrounding residents, some of whom I know, who live very close to the proposed site. Please consider other people like myself.
