Comments	<p>I was a parish councillor for Loxwood for 36 years and am still very passionate about village life!</p> <p>I strongly object to the planning application that has been put in by Loxwood Clay Pits Ltd. The impact that this development would cause with respect to closure/reconfiguration of footpaths and also the close proximity to Rikkyo school with regard to noise, dust and pollutants is totally unacceptable.</p> <p>This development would not prove any benefit to the local community and be a blot on the landscape. The impact this would cause to wildlife in the area would be catastrophic to say the least. We do not want this development in this area. This should be applied for in a brownfield site or an area that is already built up.</p>
