

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Richard Dyer"/>
Address	<input type="text" value="KALAX, LOXWOOD ROAD, LOXWOOD ROAD, CRANLEIGH, GU6 8HN"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I object for the following reasons:</p> <ul style="list-style-type: none"><li>the proposed site is in an area of defined open country side with part of the area located within ancient woodland</li><li>public right of ways would be impacted on through diversions required and the proposed ongoing excavations reducing the quiet enjoyment of walks within the local area</li><li>the location of the proposed site is remote to the lorry route network (LRN)</li><li>the proposal would run for 30 years resulting in great numbers of lorries using unsuitable local roads for the transporting of clay to brickworks / recycling of construction waste / re-transporting of recycled waste. This affecting local communities along the routes through noise and pollution</li><li>increased brick lorries movements though the unsuitable local road network along with associated impact on local communities</li><li>the use of the excavated clay is very questionable based on research carried out with local brick manufacturing companies</li><li>the proposal in not within West Sussex local plan as there is sufficient clay available to meet the NPPF requirements</li></ul>
