## Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Denis John Smith	
Address	WANFORD, HAVEN ROAD, HAVEN ROAD, HORSHAM, RH12 3JG	
Type of Comment	Objection	
Comments	Demand for clay. My understanding is that there is no demand for clay in the area which leads me to believe that the application is primarily for waste disposal. There is currently sufficient capacity for construction & demolition waste in West Sussex. This is a greenfield site totally unsuitable for industrial use. There are many footpaths in the area that would have to be crossed by the lorries to access the site giving rise to safety concerns. Lorry access at the layby on the Loxwood road would have a great impact on parking an general access to the many footpaths. Having walked in the area for the last 40 years I am very aware of the impact this facility would have on the wildlife & woodland at a time when we are being encouraged to plant trees and protect our wildlife.
