Comments	<input type="text" value="I wish to add my name to the many objectors to this proposal. Although I do not live in the area, one of my close friends does and I can see that this project would cause a serious deterioration in the quality of life in a beautiful part of the world. The amount of disruption caused by the excavation itself, the constant flow of heavy goods vehicles, damage to the environment and noise and light pollution would all seem grounds for reconsidering this proposal.
