Comments	<p>I have listened to the webinars arranged by the applicants and consider that they have not provided a sufficient justification for their proposal. My main objections are:</p> <p>The location is in a greenfield site, which is remote and tranquil crisscrossed with footpaths heavily used by local residents, and not in line with national policy guidelines for the location of waste sites.</p> <p>Secondly I have supported both the Loxwood Neighbourhood Plan and the Chichester District Local Plan but this application does not conform with either.</p> <p>I am a regular user of the road from Loxwood to Bucks Green and the proposed entrance to the facility would be on a difficult section of the road any traffic entering the site from the Bucks Green direction would only impact further on the safety of this narrow road.</p>
