Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Colin Ramsay
Address	Highlands, Rickmans Lane Plaistow West Sussex RH14 0NT
Type of Comment	Objection
Comments	 The woodlands in Loxwood are cherished and enjoyed by thousands of locals. There are many reasons that the application and any further appeals should be refused. It is a greenfield site; and National policy dictates that waste sites should be sited in built-up areas or brownfield sites. Access to the site is on a minor and wholly unsuitable road for the proposed HGV lorry movements. It also represents a real risk for safe journeys on foot, cycles or horses along what is a narrow, country lane. The road is entirely unsuitable for large vehicles on the scale proposed. The proposed building would be incongruous set within this woodland and nature setting. There will be increased noise, dust and pollution for all local residents, including Rikkyo School (circa 300 students and staff) which is in an elevated position less than 1km from the development site. My final and main issue is with the loss of amenity for locals. The plan does not enhance, protect or compliment the natural environment and I add my voice to strongly object to this application.
