Type of Comment	Objection
Comments	The site is on beautiful ancient woodland with an abundance of wildlife fauna and flora which will be destroyed permanently affecting their habitat for decades.  The road system and infrastructure is inadequate and cannot cope with a huge volume of HGV movements which will break down and erode the road surfaces.  There is very little public transport through Loxwood and surrounding areas which means many people without cars have to walk or cycle to get from a to B and this will be potentially hazardous with so
