Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Kate Robertson	
Address	2 Wanford Cottages, Haven Road, Rudgwick RH12 3JG	
Type of Comment	Objection	
Comments	I object strongly to this application on the grounds of irreparable environmental damage; the ancient woodland adjacent to the proposed site will be affected profoundly with a knock-on effect on birds which are already on the Red List, and on other wild life; it would take decades to recover, if ever. Second, on the grounds that there is already sufficient excavated clay stockpiled for housing requirements for the next 25 years and no nearby brickworks; therefore there is no justification for a waste site which, in any case, should be built on a brownfield site. Third, the heavy lorry traffic which will increase by 300% on a narrow road with bad sight lines and a potentially dangerous exit onto the A281.
