Dear WSCC

I'm writing to object to the above planning application for the following reasons:

1. This is an establish woodland and greenfield site. Totally unsuitable for a large recycling unit.
2. It contains a tremendous amount of natural wildlife and habitat.
3. The access will be off a country rural road that is used by cyclists, farmers and horses.
4. There are public footpaths and bridleways.
5. The regular increase of HGV is not sustainable on these country roads.

Please take my objections into consideration

Yours sincerely
