

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="James Bryer"/>
Address	<input type="text" value="GREENHURST FARM, TISMANS COMMON, TISMANS COMMON, HORSHAM, RH12 3BJ"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I strongly object to the imposition of this monstrous industrial plant on our tranquil local community.</p> <p>The massive increase in HGVs will be very dangerous for all road users but especially pedestrians, cyclists and horse riders. Loxwood Road can barely cope with the number of HGVs that use it now. How can anyone expect it to accommodate another 42 (at least) fully loaded trucks every day. There was a pedestrian fatality on this road only last year. Do we want more? The road junction at Bucks Green is difficult enough to get out of in a car and there are regular accidents there. If planning permission is granted there are bound to be more frequent, serious accidents at this spot too as these heavy trucks try to enter the main road.</p> <p>Constant noise will replace the peace and tranquillity of the area in daylight hours. The damage and destruction to the natural environment and wildlife will be immeasurable. And all in the name of profit. Light pollution will ruin the hours of darkness. Dust, diesel fumes and odours carried by the wind from the site will be deposited over the surrounding area making life unbearable for everyone. The noise from the crushers and sifters processing the waste is unimaginable.</p> <p>There is no benefit for the local community. What little employment opportunity (if any) the development might create will in all likelihood be filled from outside the area. There is no viable public transport anywhere near necessitating commuting to the site by private vehicle, adding to the traffic and carbon emissions.</p> <p>This application should be refused and the applicant left in no doubt that their unwelcome proposals will not be entertained in future either.</p>
