

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Suzanne Parmenter"/>
Address	<input type="text" value="ROBIN RIDGE, PLAISTOW ROAD, PLAISTOW ROAD, BILLINGSHURST, RH14 0TY"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I strongly object to the proposed development on the following grounds:- The proposed access to the site is along narrow country lanes which are unsuitable for heavy lorries and with up to 42 HGV movements per day, the road surface will degrade in much the same way as the Foxbridge Lane was damaged by the proposed Crouchlands Biogas development. The location of the development is highly inappropriate and will have an adverse effect on the environment from the perspective of noise, pollution from diesel fuelled generators, destruction of woodland and on the sights and sounds of nature. This goes against National Policy which states waste sites should not be built on greenfield sites. This proposal also goes against both the Loxwood Neighbourhood Plan and the Chichester District Local Plan for development in a rural area. As a professional in mental health, this area provides essential green space to support the well-being of the community. Areas of nature are proven to reduce stress, anxiety and depression and as such, the proposal will be detrimental to countless people. Furthermore, some of the trees indicated to be felled, are roosting sites for several species of bats. The development also represents a danger to a badger set which is close by. Both bats and badgers are protect species and should not be disturbed.</p>
