

Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Alexandra Martens
Address	JASMINE COTTAGE, ROSEMARY LANE, ROSEMARY LANE, CRANLEIGH, GU6 8EU
Type of Comment	Objection
Comments	<p>This is a greenfield site and thus the application goes against national for such sites to be in built-up areas or brownfield. It is also totally unnecessary given there is no demand for extra clay; WSCC have 25 years ore of reserves.</p> <p>There will be massive disruption to the surrounding area, which is a peaceful one; there will be a catastrophic negative impact on the local wildlife including rare bats, badgers and birds.</p> <p>And the increase in heavy duty will mean that the already ghastly A281 and the nearby smaller roads will be seriously badly affected. In particular Loxwood which is very narrow in parts. Rudgwick, Alfold and Loxwood will be severely affected to no good use.</p> <p>I simply see no reason for this application to go ahead other than for monetary reasons on the part of the applicants.</p> <p>This application must be rejected for all the above reasons and there are doubtless more.</p>
