Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Emma Haddon	
Address	OAKLANDS, PLAISTOW ROAD, PLAISTOW ROAD, BILLINGSHURST, RH14 0SX	
Type of Comment	Objection	
Comments	This site is totally unsuitable for a waste site as it is a greenfield site; national policy is for waste sites to be in built up urban or brownfield areas not beautiful woodland and countryside. This will cause devastation to the local flora and fauna and it beggars belief that this kind of environmental destruction should be permitted. In addition the pollution , noise disturbance, 300% increase in traffic of mainly HGVs on small country roads is detrimental to local residents and a safety risk to other roads users. Not to mention the obvious amount of damage that will be caused to our already poorly maintained road surfaces. This is a beautiful place to go for a walk, which I frequently do, and access to these beautiful unspoilt areas is vital for maintaining both physical and mental health. This plan puts money above need and pays no consideration to the local residents and their wellbeing.
