Comments	<p>This application cannot go ahead for so many reasons.</p> <p>The increased traffic especially the HGV vehicles will be an accident waiting to happen, it's bad enough along the Loxwood Road anyway, there will be head on collisions and vehicles having to run on the verge churning up the mud and this then will go over the road causing slippery surface and the probability of small rocks and stones for other road users to try and miss. Causing more chances of collisions. These are small country lanes that cannot support this type of additional traffic.</p> <p>The woodland will be ruined forever.</p> <p>All this for a clay pit that's not needed.</p>
