

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="James Mansson"/>
Address	<input type="text" value="RAMBLERS, SPY LANE, SPY LANE, BILLINGSHURST, RH14 0SQ"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I submit this objection as a resident of Spy Lane, Loxwood, which is close to the planned development, and would therefore be affected by it personally in a number of ways.</p> <p>I am a member of the Ramblers and act as a Local Footpath Warden for this area. I have walked extensively along its footpaths for many years. I would like to endorse the objections of Mike Charman, the West Sussex Area Footpath Officer for the Ramblers, which have already been submitted. I would also like to add that the proposed development would have a serious impact on walking in the area. The layby on the Loxwood Road, which is the proposed entrance/exit to/from Pallinghurst woods, is a common starting place for walks into the woods. In addition, this development would seriously disrupt the footpath from the south which crosses the road at that point; this constitutes the most natural and attractive route from the path along the Wey and Arun canal up to the Sussex Border Path. This would render a significant part of the network much less attractive for walking.</p> <p>In addition, I would like to endorse the objection of many others as to the negative impact on road safety caused by the additional traffic proposed. None of the roads - and I speak as a driver on them for about 25 years - are suitable for these kind of vehicles, being too narrow, winding, and containing blind corners. Also, the road surface would seem to be wholly inadequate for such a load.</p>
