

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Henry Forbes"/>
Address	<input type="text" value="Halfpenny Cottage, 23A The Street Shipton Moyne Tetbury Gloucestershire United Kingdom GL8 8PN"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>Have to say that having previously lived in Loxwood and looking to move back to the village I am outraged that the council can even consider this ridiculous proposition of even entertaining the idea of letting Loxwood Clay Pitts Ltd create a commercial waste recycling plant in Pallinghurst Woods. There is enough traffic on these roads as it is and this when, the council should be looking at ways to become more green and reduce traffic I am somewhat confused and saddened as to what the council actually does to enhance our beautiful West Sussex countryside. The idea that there could be as many as 42 HGV's driving through this beauty spot is awful not to mention seriously dangers for walkers and bike riders!!</p> <p>I have every confidence that the Council will see the light and REJECT this OUTRAGEOUS proposition and we can get on and enjoy our wonderful countryside and not watch our children grow up with this horrendous non green idea. The future generations will be not only be paying for the our current predicament what with COVID, lets not ruin their countryside and as well!</p>
