Objection

This is not a suitable place for this proposed disruption!!! If this was to go ahead it would have an irreversible and devastating impact on our natural environment, the animals that roam freely and their natural habitat. The noise, fumes and dust that would be generated by the ongoing comings and goings of HGV's is unjustified and most certainly unnecessary. The country roads are not wide enough to take such vehicles! never mind if they were passing each other! There are so many reasons that this site is not suitable I'm at a loss as to why this application has even got this far, as to destroy this beautiful, tranquil beauty spot of nature is just preposterous!!
