Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Andrew J.C. Kyd	
Address	HALE FARM COTTAGE, LOXWOOD ROAD, LOXWOOD ROAD, HORSHAM, RH12 3BP	
Type of Comment	Objection]
Comments	I object strongly to the destruction of this significant area of long established and almost entirely natural woodland. An important rural site that contains many public rights of way, is home to all types of fauna and flora and is of ecological importance both locally and nationally. It acts as not only a local facility for the mental well being of residents but assists in maintaining for the future generations in a residential area a sound environment as we look towards attempting to create a 'greener' world with less carbon footprint. The increased activity on an unsuitable highway infrastructure brings unnecessary danger, pollution, noise, disruption and destruction to the local populous in an an area of outstanding beauty. Replacing a large and previously unmolested rural area with an environmentally unnecessary and damaging commercial activity over many years, that will bring little or no benefit to the local populous or economy, is wholly unacceptable.
