Address	2 HAZELDENE, LOXWOOD ROAD, LOXWOOD ROAD, CRANLEIGH, GU6 8ER	
Type of Comment	Objection	
Comments	I object to this application, I don't know why this is needed, Rudgwick brickworks had another 15 years worth of clay and was filled in, Cranleigh brick works had 10 to 20 years worth of reserves and is now being filled in, 2 big sites in Horsham still producing, thakeham still producing, walliswood has extended and has plenty of reserves, this application is a complete waste of time, another un required destruction of habitat and no one will want to pay for the reinstatement once it's been dug out. 40 lorry movements per day causing excessive pollution to the local areas, we should be promoting lorry's use on A roads not little B roads, Unnecessary wear an tear on our already fragile roads that have had no investment for the last 20 years, look at the destruction of Wildwood lane, councils said that the company running lorries down there would pay for the damage, never happened, I have driven down smoother roads in Baghdad. The countryside needs to be preserved and not continuously dug up for housing.
