I am objecting to this application on three reasons. 1. It is a beautiful, unspoilt area of my local countryside in which we can all enjoy the peace and birdsong which is safe and vehicle-free. 2. I am concerned about the affect the works will have on the environment. At this critical time when we should be doing whatever we can to halt / slow-down global warming it is imperative that we must not destroy any woodland or create additional pollution. This is also linked to my third objection which is the increase of HGV traffic along the A281 which will have significant detrimental effects on the environment and on the roads in the area and will particularly impact upon my village of Rudgwick.
