Comments	<input type="text" value="I strongly object to this planning application. I have lived all of my life in Loxwood and have grown up walking the family dogs in the woods.This development will ruin Loxwood's beautiful woodland and create waste that will be detrimental to the environment. To destroy such rare and precious amenity would be a tragedy when we should be protecting our environment. Loxwood is not a big enough village to tolerate the increase in HGV traffic and it will present a severe safety risk for road users along loxwood road. There is also no current demand for more clay so the clay pit will be producing more clay than we will need resulting in more waste which will damage the environment."/>
