

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Michael Fewings"/>
Address	<input type="text" value="THISTLEY LANE, 7, THISTLEY LANE, CRANLEIGH, GU6 7AU"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>There is no demand for additional clay in the UK The waste site is a considerable distance from where waste is being created therefore increasing both road traffic and the pollution associated with large diesel lorries carrying waste to the site. Temporary closure of footpaths (since when has 23yrs been temporary) We walk in these woods, they are peaceful, this will no longer be the case, this will severely affect the wildlife, driving it away. The roads are utterly unsuitable for large HGVs and this will create safety issues for pedestrians, horse riders, cyclists and car drivers .alike</p>
