

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Clare James"/>
Address	<input type="text" value="LILAC COTTAGE, ROUNDSTREET COMMON, ROUNDSTREET COMMON, BILLINGSHURST, RH14 0AN"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I am objecting to the above application on the basis of the impact on our local environment. The noise, light and air pollution which will have such an impact on the local people who visit these woodlands on a daily basis to walk our dogs, or just to get some solitude. The mental health benefits of walking for even 30 minutes per day has been well documented. The ancient woodland that will be destroyed alongside the natural habitat of birds, especially bats, cannot be underestimated. There is no demand for clay according to the WSCC Minerals Monitoring Report, as there are apparently 25 years of reserves available. The suitability of this site with regard to traffic, and lorry access , would have such an impact on local farming, as well as HGV's having access across a public right of way, which is a serious safety concern. This application does not bring any obvious benefits to our local community, and appears to lack any sensitivity to the setting in which it is proposed, and carries unacceptable health risks, particularly to the air quality as a result of the air / dust pollutants. We as a community need to uphold the precious open spaces we have, as our local population increases, we need to be able to have access to these beautiful and ancient woodlands.</p> <p>Thank you for considering my objection. Clare James.</p>
