Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Deborah Benson	
Address	FARTHINGS, ALFOLD BARS, ALFOLD BARS, BILLINGSHURST, RH14 0QS	
Type of Comment	Objection	
Comments	I object to Loxwood Clay Pits Ltd who are applying to develop 300 acres of Pallinghurst Woods for several reasons. The proposal is for extraction of clay which is not a commodity that is in great demand and the impact the development will have upon the community, safety of our roads, and the surrounding ancient woodland, environment far outweighs the necessity of this development. As a resident in the area of 14 years, I sincerely object to the increased road traffic that will occur as a direct result from a significant increase in HGV use along a small country road that is not designed to sustain the pressure and sheer increased weight of traffic required to fulfill this business proposal. The proposed access site can not sustain the level of traffic. The road is unsuitable for HGV traffic. It poses a serious threat to the safety of the community. The noise pollution will increase impacting people's mental well being. The plans do not enhance or protect the natural environment. The negative impact this proposal for clay pits has on the local community, road structure, natural environment and general well being of everyone living around this area is inconceivable.
