

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Pauline Plowman"/>
Address	<input type="text" value="Acorn lodge Tregavethan Cornwall"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>After enjoying the countryside and all it's peacefulness for many years I am shocked to find that an outside force could plan to attempt to cause damage to every aspect of the local area that the local people enjoy.</p> <p>Many people travel to enjoy the woodlands flora and fauna adjacent to our ancient woodlands. This planning application would put all of these under threat.</p> <p>In a time when we must be very aware of destroying our planet I would be distraught to think that this application would be accepted.</p> <p>This application is not giving any consideration to the local area and totally unsuitable .</p> <p>The traffic from such a site would cause great annoyance in the area. The access and vehicle access would be totally detrimental to everyone's mental health and safety. Cause pollution and destroy the area we all know and love.</p> <p>Please consider the local people and the beauty of the area over any financial deals that a foreign company might wish for.</p> <p>Protect and think of preserving our area for our future generations</p> <p>Many thanks Pauline Plowman</p>
