Comments	<p>The siting of this facility is totally unsuitable for the following reasons:</p> <ol style="list-style-type: none">1. The destruction of a Greenfield site in an ancient woodland.2. The pollution arising from the increased traffic and the waste disposal will be detrimental to the local environment.3. The access road from the site to the A281 is narrow in places and unsuitable for the proposed lorry sizes.4.. The amount of traffic this will generate is unacceptable on a B road without many footpaths.5. The proposed closure of a footpath along the Northern boundary is hardly temporary. <p>Please reject this proposal.</p>
