

Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Julianbde la Poer Beresford
Address	LITTLE LOXWOOD, BILLINGSHURST, RH14 0QZ
Type of Comment	Objection
Comments	<p>I strongly object to this planning application on the basis of the following:</p> <p>The demand for Weald Clay is not tenable.</p> <p>WSCC have sufficient Clay reserves with 3 x sites with 25 years stock each.</p> <p>The National and local level clay requirements are met.</p> <p>The consequence of the dig, after use, will leave the remaining area for commercial waste dumping and there is no justification for this, in such an unsuitable, rural location.</p> <p>National policy states that waste sites should be sited in Brownfield sites or built up areas. This is a Greenfield site.</p> <p>There would be no benefit to the local area or community, especially in such a remote and tranquil setting.</p> <p>Increased traffic of HGV lorries on small rural roads. This will increase the risk of serious car accidents and degradation of our roads. The local authority should be put on notice of this. It is also a potential Health and Safety issue for local residents and the general public.</p> <p>Julian de la Poer Beresford</p>
