

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="George Henry"/>
Address	<input type="text" value="SUNNYVIEW FARM, LOXWOOD ROAD, LOXWOOD ROAD, HORSHAM, RH12 3DR"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I object to this planning application on the following grounds The destruction of woodland and wildlife habitats and the disturbance to the remaining woodland by the noise, light, dust, and emissions from the proposed facility and the HGV movements from and to that facility to the public road. The public road that would serve this is narrow with many blind bends some have property entrances on them mine is one, there is a definite safety issue here already without adding extra traffic movements at least five days a week especially when we are looking at forty two HGV movements a day. Even on the more open sections of the road I have been held up on many occasions by HGVs going in opposite directions not being able to pass each other without alot of manoeuvring if this happens on one of the bends it is really dangerous George Henry</p>
