

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Rosemary Townsend"/>
Address	<input type="text" value="GRAVATTS FARM, GUILDFORD ROAD, GUILDFORD ROAD, HORSHAM, RH12 3JD"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I strongly object to this application for the following reasons;</p> <ol style="list-style-type: none"><li>1. Local demand for clay is satisfied for the next 25 years - there is no justification for this extraction site.</li><li>2. It is obvious that the site is highly unsuited to use for waste processing. Construction of the processing plant will cause significant and irreversible environmental damage to ancient woodland habitats and tranquil amenity space. Physical damage, noise, vibration and pollutants from vehicles will destroy flora and fauna within the development area, and impact surrounding habitats too.</li><li>3. Servicing of the plant by multiple HGV trucks traveling down 3km of narrow country lanes and along 1.5km of bridleway will create unacceptable levels of noise and traffic disruption, and cause a significant hazard to road, bridleway and footpath users.</li></ol> <p>I am encouraged by the intensity of public objection, as evidenced by the volume of comments against this proposal. I trust WSCC will study and consider these comments alongside the results of their consultation, and refuse this application.</p>
