Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Shirley Stride	
Address	OAKLANDS, KIRDFORD ROAD, KIRDFORD ROAD, BILLINGSHURST, RH14 0DD	
Type of Comment	Objection	
Comments	I strongly object to htis application. This greenfield site with beautiful woodlands, rare species of wildlife which have been on this land for hundreds of years they do not need to have thier habitat destroyed in this way. The noise of the HGV movements and increase traffic on this minor road will be catastrophic to the area. The roads are small country road not fit for huge lorries. Demand for extra clay resources are not needed and will cause more carbon emissions. There is no need for this waste site in this beautiful location. I urge you to refuse this application.
