| Comments | <input type="text" value="I am objecting to this planning application for the following reasons; This is an area where we take our dogs for walks and the proposed site will destroy the beauty of the landscape and change the character of the area. The impact on the trees and hedgerows will be devastating and will likely never recover. The increased number of vehicles expected will also have a detrimental effect on the local highway system and will increase traffic noise and congestion on roads that are clearly unsuitable to manage a project such as this. This is an ill conceived plan which is totally unsuitable for the area and I object to it in the strongest terms."/> |
