

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Melba Kaangundue"/>
Address	<input type="text" value="HALL HURST CLOSE, 2, HALL HURST CLOSE, BILLINGSHURST, RH14 0BE"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="Opposed to this planning application. The roads in and around the area affected in the application just cannot cope with more Heavy goods vehicles, it is now becoming increasingly dangerous to use these roads due to the volume of large vehicles and the condition on these roads. These woodland areas are of extreme Importance even more so over the past year or so, it would be criminal to lose anymore purely due to financial gain of a few to the lose to many. I hope the planning office will see sense and turn down this application. For an area that is predominantly clay surely a more suitable sight with better road access could be used."/>
